# Samaya Lounge Structural

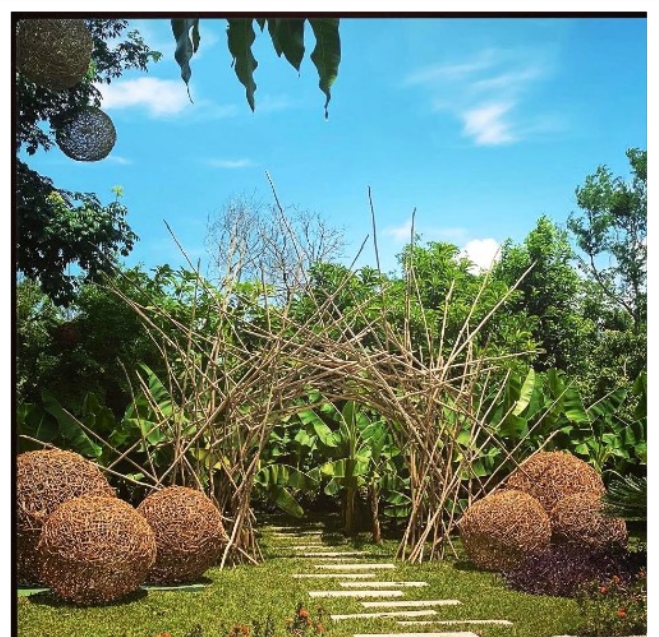

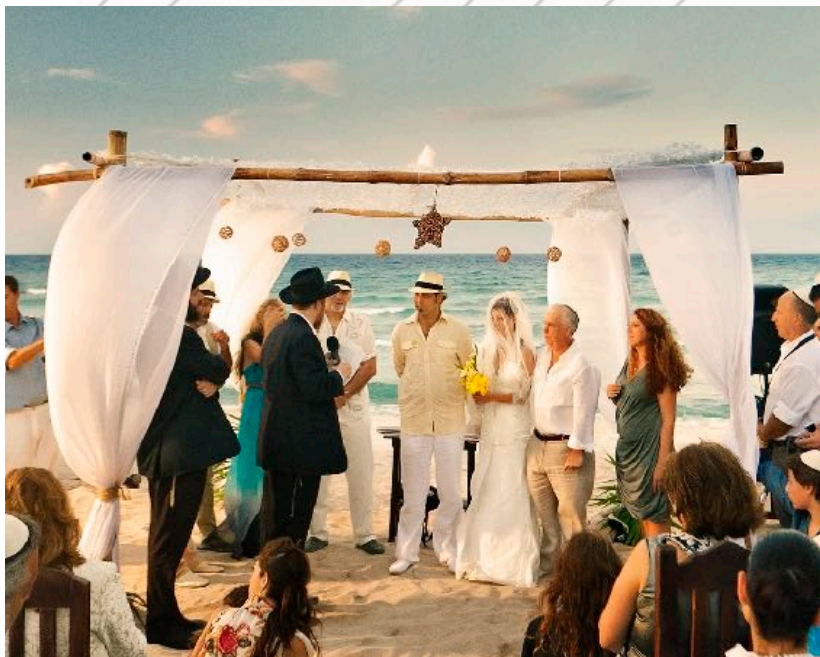

Since 2009 we've built, designed and assembly many different structural bodies for any type of event need.

We have in stock the main structures for gazebos, chuppas, guest receptions, Dj booths, gates, portals and so on... we are particularly eager to always open up possibilities for new designs and concepts.

All made on strong Bamboo and local woods, our priority is safety and design.

On top of any structure we hand detail the vibe and all of the decorations chosen with you... for your event !

# GEO BAMBU

This bamboo structure created and designed by us is meant to hold up to 15 people chilling in the artisanal hammocks and the main pyramid net. Its super comfy and a special way of hanging out.

We decorate it in different ways that suit your style of wedding or festival.

The structure is big so it works as a chill out spot and a decoration item, day or night time.

5 x 5 x 5 mts.
